PROFILE

A passionate Web Developer and Fullstack MERN Developer with strong expertise in creating modern, responsive, and user-friendly web applications. With a solid foundation in C, C++, and Java, I have expanded my skillset into HTML, CSS, JavaScript, PHP, MySQL, React, Node.js, MongoDB, Tailwind CSS, Bootstrap, WordPress, and SCSS, enabling me to build both dynamic frontends and robust backends. I have worked on multiple projects ranging from CRUD applications to portfolio websites, showcasing my ability to solve problems and deliver efficient solutions. With a keen interest in continuous learning, I am currently enhancing my knowledge in TypeScript, Express, and Generative AI. I strive to bring creativity, precision, and innovation to every project while focusing on delivering high-quality results.
